

Information about your BIB TIMING CHIP

Based on RFID technology, the chip enclosed in the pouch on the back of your bib will positively identify YOU and your elapsed TIME as you run through the finish gate at the finish line.

Please remember several things with this chip:

- Leave the chip in the pouch until you finish the race.
- Attach your bib to the front of your shirt, using 4 safety pins and the 4 holes in the corners of your bib.
- Do NOT fold the bib and chip.
- Do NOT pin your bib on the side of your shirt or shorts.
- As you leave the corral area after passing the finish line, slip your bib chip out of the pouch and deposit it into one of the recycle bins in the finish area.

Thanks for your participation in this race event and your cooperation in the proper handling of the chip assigned to you.
